

## Female LitRPG – Book 2 Outline

### Working Title: Residual Permissions

#### Core Themes:

- Consequences of resistance
- Empathy as destabilizing force
- Illegibility vs visibility
- System fear of ambiguity

#### Primary Concepts:

- Residual Permissions
- Empathy / Perspective Sync
- System Interpretability
- Wildcard as illegible actor

## ACT I – AFTERSHOCKS

### Chapter 1 – Audit Window Opened

Rowan is formally audited. Redacted anomalies appear. The System references an unresolved observer gap (Wildcard).

### Chapter 2 – Residual State Detected

First accidental empathy sync. System flags Unauthorized Cognitive Overlap.

### Chapter 3 – Companions Are Not Constants

Emotional sync alters a companion relationship permanently.

### Chapter 4 – Soft Lock

Rowan refuses action. The System stalls.

## ACT II – LEARNING THE GAPS

### Chapter 5 – Probability Smells Like Smoke

Empathy causes hesitation. Wildcard exists only through consequences.

### Chapter 6 – The Cost of Alignment

System-aligned power vs Wildcard's survival without visibility.

### Chapter 7 – Shadow Metrics

Hidden stats revealed. Wildcard interpretability score: NULL.

### Chapter 8 – Privilege Escalation

Rowan attempts illegibility. Partial success, real cost.

### Chapter 9 – Rollback Denied

System applies regional correction.

## ACT III – CONSEQUENCES

### Chapter 10 – Containment Logic

Zones built to force legibility and suppress empathy.

### Chapter 11 – You Cannot Optimize Trust

Wildcard refuses empathy. Philosophical conflict.

Chapter 12 – Residual Cascade  
Empathy + illegibility destabilize causality.

Chapter 13 – Undefined Behavior  
The System cannot quarantine ambiguity.

Chapter 14 – Exit Conditions  
Rowan becomes contagious, not invisible.
